FILED

CLERK U.S. DISTRICT COURT  
CENTRAL DIST. OF CALIF.  
SANTA ANA

1 **JURISDICTION AND VENUE**

2 2. This Court has subject matter jurisdiction over this matter pursuant to 28  
3 U.S.C. §§ 1331, 1337(a), and 1345, and 15 U.S.C. § 53(b).

4 3. Venue in this District is proper under 28 U.S.C. §§ 1391(b) and (c), and 15  
5 U.S.C. § 53(b).

6 **THE PARTIES**

7 4. Plaintiff FTC is an independent agency of the United States Government  
8 created by statute. 15 U.S.C. §§ 41-58. The FTC is charged, *inter alia*, with  
9 enforcement of Section 5(a) of the FTC Act, 15 U.S.C. § 45(a), which prohibits  
10 unfair and deceptive acts or practices in or affecting commerce.

11 5. The Commission is authorized to initiate federal district court proceedings,  
12 by its own attorneys, to enjoin violations of the FTC Act in order to secure such  
13 equitable relief as may be appropriate in each case, including restitution and  
14 disgorgement. 15 U.S.C. § 53(b).

15 6. Defendant MAKE YOU FAMOUS CONSULTING, INC. ("MYF"), also  
16 doing business as A Penbrook Productions, Penbrook Productions, and Process  
17 from Home, is a California corporation that uses or has used the address 19800  
18 MacArthur Blvd, Suite 300, Irvine CA 92612. MYF transacts or has transacted  
19 business in the Central District of California. At times material to this Complaint,  
20 acting alone or in concert with others, MYF advertised, marketed, distributed  
21 and/or sold rebate-processing work-at-home opportunities to consumers  
22 throughout the United States.

23 7. Defendant MICHAEL ALLEN BROOKS is the president of Defendant  
24 MYF. At times material to this Complaint, acting alone or in concert with others,  
25 Michael Allen Brooks formulated, directed, controlled, had authority to control, or  
26 participated in, the acts and practices of MYF, including the acts and practices set  
27 forth in this Complaint. Defendant Brooks resides in this district and, in  
28 connection with the matters alleged herein, transacts or has transacted business in

1 the Central District of California.

2 **COMMERCE**

3 8. At all times material to this complaint, Defendants have maintained a  
4 substantial course of trade in or affecting commerce, as “commerce” is defined in  
5 Section 4 of the FTC Act, 15 U.S.C. § 44.

6 **DEFENDANTS’ BUSINESS ACTIVITIES**

7 9. Beginning in or about February 2008, Defendants promoted rebate-  
8 processing work-at-home opportunities through Internet web sites such as  
9 www.penbrookproductions.com, www.myrebateprocessor.com, and  
10 www.rebateprocessortools.com. They also sent or caused to be sent unsolicited  
11 commercial email (“spam”) and advertised on Internet job sites such as  
12 www.careerbuilder.com.

13 10. On their web sites, Defendants used a spokesperson, Angela Penbrook, who,  
14 upon information and belief, was fictitious. This spokesperson led consumers to  
15 believe that Defendants’ work-at-home opportunity involved processing rebates  
16 for thousands of companies that offer rebates.

17 11. Defendants’ Internet promotional materials included the attached Exhibit A  
18 and contained, among other things, the following statements or depictions (all  
19 emphases and ellipses are in the original):

20 Companies Are Desperate For People Like You To Independently  
21 Process These Rebates From Home!

22  
23 **You see, there are millions of rebates given to customers every**  
24 **year, and companies need tons of people to process them!**

25 Companies don’t process rebates themselves. They would have to  
26 buy new buildings and hire and house tons of new employees to do  
27 that.  
28

1 **Instead, they know anyone of any age and background can do**  
2 **this because it's very simple and easy, and anyone can learn to do**  
3 **it in an afternoon and begin immediately.** And it can be done from  
4 anywhere. Therefore, companies much prefer to have people  
5 processing these rebates, independently, from home. [*Exhibit A, p.*  
6 *27*]

7 \* \* \*

8 **This is the only certified program in the world for rebate**  
9 **processing,** and over 1,000 people world-wide have been certified  
10 through this program, now making the money of their dreams by  
11 processing rebates from home... for every type of company you can  
12 think of! [*Exhibit A, p. 29*]

13 \* \* \*

14 First, you receive access to a comprehensive database of 11,000+  
15 companies you can process rebates for! That's a lot of companies to  
16 choose from, which is great because you can never run out of rebates  
17 to process...and...you're sure to find a position you'll be very happy  
18 in!

19  
20 Plus, I help you select the best company for you to process rebates  
21 for, so don't worry about being overwhelmed by the many choices!  
22 There are a lot to choose from and I help unsure you pick the best  
23 one(s) for you.

24  
25 To do so, you'll get a master **list of the companies that offer the**  
26 **highest pay for processing** rebates. [*Exhibit A, pp. 29-30*]

27 \* \* \*

28 And by enrolling in my certification program... **you are**

1       **GUARANTEED an immediate position as a rebate processor.**

2       You can even have multiple placements with different companies if  
3       you choose. [*Exhibit A, p. 30*]

4  
5       12. Defendants touted the earnings potential of this work-at-home opportunity  
6       through various statements and depictions, including the following from Exhibit A  
7       (all emphases and ellipses are in the original):

8           And even though it's simple and easy (I will show you the three easy  
9           steps to process a rebate shortly) ...and can be done from home... the  
10          money is great!

11  
12          Let me put it this way: To process one rebate takes between 3 to 4  
13          minutes. To be conservative, let's say it takes 4 minutes. Well, if  
14          you process 1 rebate every 4 minutes, and you do that for 60 minutes,  
15          that amounts to 15 rebates in 60 minutes. And the average amount  
16          you make per rebate processed is \$15.

17  
18          **Let's do the math: 15 rebates for \$15 each equals \$225. That's**  
19          **\$225 for 60 minutes of work! If you do this [five] days a week,**  
20          **you can make \$1,125 a week... \$4,500 a month... and \$58,500 a**  
21          **year!** [*Exhibit A, pp. 27-28*]

22  
23       13. Consumers interested in a work-at-home job requiring little training then  
24       paid the required fee of \$197.00 to Defendants, using their credit or debit card.

25       14. After paying this fee, most consumers were referred to training materials on  
26       the site [www.wealthdci.com](http://www.wealthdci.com), which they could access only with a user name and  
27       password. It was then that they discovered that Defendants' work-at-home  
28       opportunity really involved the consumers setting up a website to sell products for

1 various companies. Consumers who purchased Defendants' rebate-processing  
2 work-at-home opportunity could not earn any income simply processing rebates  
3 for other companies.

4 15. Defendants told consumers, including through the following statements or  
5 depictions found in Exhibit A, that the work-at-home opportunity came with a  
6 three-month refund guarantee (all emphases and ellipses are in the original):

7 After you sign up, take up to 3 months to try out processing rebates  
8 from home with this program. If you aren't making money and aren't  
9 satisfied, ask for a full refund anytime within 3 months. You'll get  
10 your entire fee back immediately with no questions and no hassles  
11 whatsoever. (You can ask for a full refund by mail or email, full  
12 contact details are below). In other words, you make money with this,  
13 or it's free. [*Exhibit A, p. 35*]

14 \* \* \*

15 Furthermore, you're backed by my personal 100% Ironclad, 3-month  
16 'Make Money Or It's Free,' Triple Satisfaction Guarantee. This  
17 program makes you money or it's free. Period. So you have  
18 absolutely nothing to lose by trying it out...you have absolutely  
19 everything to gain! [*Exhibit A, p. 36*]

20  
21 16. Yet, in numerous instances, Defendants failed to provide refunds to  
22 consumers who requested them. In numerous instances, Defendants told  
23 consumers repeatedly that a refund had been authorized or submitted to a credit  
24 card company or bank account, but failed to make refunds.

25 **VIOLATIONS OF SECTION 5 OF THE FTC ACT**

26 17. Section 5(a) of the FTC Act, 15 U.S.C. § 45(a), prohibits "unfair or  
27 deceptive acts or practices in or affecting commerce."

28 18. Misrepresentations or deceptive omissions of material fact constitute

1 deceptive acts or practices prohibited by Section 5(a) of the FTC Act.

2 **COUNT I**

3 **Misrepresented Work-at-Home Opportunity**

4 19. Through the means described in paragraph 11, Defendants represented,  
5 expressly or by implication, that consumers who purchased Defendants' rebate-  
6 processing work-at-home opportunities would be hired to process rebates for one  
7 or multiple companies.

8 20. In truth and in fact, in numerous instances, consumers who purchased  
9 Defendants' rebate-processing work-at-home opportunities were not hired to  
10 process rebates for one or multiple companies.

11 21. Therefore, Defendants' representation as set forth in Paragraph 19 of this  
12 Complaint was false and misleading and constituted a deceptive act or practice in  
13 violation of Section 5(a) of the FTC Act, 15 U.S.C. § 45(a).

14 **COUNT II**

15 **Misrepresented Earnings Claims**

16 22. Through the means described in paragraph 12, Defendants represented,  
17 expressly or by implication, that consumers who purchased Defendants' rebate-  
18 processing work-at-home opportunities could easily earn significant income  
19 processing rebates, such as \$225 per day or \$58,500 per year.

20 23. In truth and in fact, consumers who purchased Defendants' rebate-  
21 processing work-at-home opportunities did not earn significant income processing  
22 rebates, such as \$225 per day or \$58,500 per year.

23 24. Therefore, Defendants' representation as set forth in Paragraph 22 of this  
24 Complaint was false and misleading and constituted a deceptive act or practice in  
25 violation of Section 5(a) of the FTC Act, 15 U.S.C. § 45(a).

26 **COUNT III**

27 **Misrepresented Refund Guarantee**

28 25. Through the means described in paragraph 15, Defendants represented,

1 expressly or by implication, that consumers who purchased Defendants' rebate-  
2 processing work-at-home opportunities would receive a refund if they requested a  
3 refund within three months of purchase.

4 26. In truth and in fact, in numerous instances, consumers who purchased  
5 Defendants' rebate-processing work-at-home opportunities did not receive a  
6 refund if they requested a refund within three months of purchase.

7 27. Therefore, Defendants' representation as set forth in Paragraph 25 of this  
8 Complaint was false and misleading and constituted a deceptive act or practice in  
9 violation of Section 5(a) of the FTC Act, 15 U.S.C. § 45(a).

#### 10 **CONSUMER INJURY**

11 28. Consumers have suffered and will continue to suffer substantial monetary  
12 loss as a result of Defendants' violations of the FTC Act. In addition, Defendants  
13 have been unjustly enriched as a result of their unlawful acts or practices. Absent  
14 injunctive relief by this Court, Defendants are likely to continue to injure  
15 consumers, reap unjust enrichment, and harm the public interest.

#### 16 **THIS COURT'S POWER TO GRANT RELIEF**

17 29. Section 13(b) of the FTC Act, 15 U.S.C. § 53(b), empowers this Court to  
18 grant injunctive and such other relief as the Court may deem appropriate to halt  
19 and redress violations of the FTC Act. The Court, in the exercise of its equitable  
20 jurisdiction, may award ancillary relief, including rescission of contracts,  
21 restitution, and disgorgement of ill-gotten monies, to prevent and remedy any  
22 violations of any provision of law enforced by the FTC.

#### 23 **PRAYER FOR RELIEF**

24 WHEREFORE, Plaintiff Federal Trade Commission, pursuant to Section  
25 13(b) of the FTC Act, 15 U.S.C. § 53(b) and the Court's own equitable powers  
26 requests that the Court:

27 A. Award Plaintiff such preliminary injunctive and ancillary relief as  
28 may be necessary to avert the likelihood of consumer injury during the pendency

1 of this action and to preserve the possibility of effective final relief including, but  
2 not limited to, a preliminary injunction and an order freezing assets;

3 B. Enter a permanent injunction to prevent future violations of the FTC  
4 Act by Defendants;

5 C. Award such relief as the Court finds necessary to redress injury to  
6 consumers resulting from violations of the FTC Act by Defendants, including, but  
7 not limited to, rescission or reformation of contracts, restitution, the refund of  
8 monies paid, and the disgorgement of ill-gotten monies; and

9 D. Award Plaintiff the costs of bringing this action, as well as such other  
10 and additional relief as the Court may determine to be just and proper.

Exhibit A

Dear Friend,

If you would like a certified, proven, guaranteed and **easy way to make \$225 a day...and more...** from home in your spare time, this will be the most exciting message you will ever read!

Here's why:

My name is Angela Penbrook, and let me tell you, I used to work hard. Really hard... like millions of other Americans... while hardly getting by, living pay check to pay check.

I got divorced at a very young age I was left with having to find a new place to live with my very young daughter. I moved to Southern California for a new start on life which I found out very quickly was not easy. I had to work two jobs and freelance work on the side just to pay for rent and the small amount of bills that piled up.

No matter how much or hard I worked my bank balance was always at zero at the end of each month, and my credit cards kept accumulating debt. I hated my jobs, my bosses, the debt, and most of all I hated not being able to give my daughter the life I wanted to give her.

### The Unnerving Day That Changed My Life...

I remember the exact day: It was June 17th, and I got laid off from my full time job I was working and that I made the most money from. It was a few days before my little girl's birthday where I was supposed to buy Amanda the birthday presents she was wanting. But all of a sudden, I could no longer afford those gifts. I didn't even know how to afford rent and food for us.

I remember crying for hours that day. I didn't know what I was going to do to pick myself up. But I knew I had to do something and quick before we were homeless and out on the streets. I needed another income immediately. And I was thinking about it, I asked myself: Before I make a sudden move that will tie me into another job I will hate, why don't I consider what it is I want... and don't want... in a job?

So first, I began thinking about what I DON'T want in a job...

### I received a check for \$628.53

Angela, This really works! After joining your program I started using it immediately. I only worked for one company and received a check for \$628.53 9 days later! And this is all profit as it didn't cost me anything to do. I'm certainly recommending this program to everyone I know and care about."

Frederick Smith, New Britain, CT.

### Altogether we've made \$2197.06

My name's Sylvie, I must admit I was pretty skeptical when reading about your program.

Although after reading about the guarantee. I took the plunge, and I am very glad I did so. I've now received 3 checks and 1 bank transfer. And the average for those was about \$500. Altogether with my husband we've made \$2197.06 with no money. And the best part is we started this knowing absolutely nothing about working at home. Bye for now."

Sylvie & Robert Delano, Retired couple.

### Angela Got Me FIRED!

Since I joined Angela's program I've always been late to work as I would keep making money from home all day long. Trust me once you start seeing the cash flowing in it's completely addictive to keep working non-stop. I got FIRED 2 months ago and my boss simply couldn't believe when I gave him a big fat smile. I now earn SEVEN times my old day-job salary processing from home and taking care of my 2 beautiful young boys! Thanks for getting me fired Angela!

Jennifer Garcia, Kelso, WA.

- I don't want a boss
- I don't want to be on anyone's time
- I don't want to have to wake up so early anymore, especially to that loud alarm clock.
- I don't want to commute anymore and sit for hours ... frustrated ... in traffic
- I don't want to go to an office.
- I don't want to be part of a business of any kind either, with troubles like a storefront, investment, inventory, employees, extensive record-keeping, or having to sell anything to anybody.
- And I don't want anything that requires special training, education, or skills, because I don't have any and don't have the time to get any right now.

Two months ago I had little hope of making it in this business. Now, after discovering Angela's program, I'm quitting my day job and doing this full time."  
Marsha Borelli, Maryland.

**This is Incredible!**

**Then, I began thinking about what I DO want in a job.**

 I want to work from home or anywhere else I choose. I want a job that will give me the free time I desire to spend with my daughter.

 I want an income that will give me and my daughter more than we need

 I want to take time off whenever I want and, I want to have plenty of time for other people and my hobbies.

 I want something that will be easy.

 I want a job that will be enjoyable.

 I want to only work a few hours a day, and only whenever I choose to.

 And I want (actually need) to start making money immediately.

And do you know what... to my surprise two weeks after this terrible day...

**I Found My Dream Work At Home Job!!**

It's true, and here's how it happened:

After thinking it over, I began expressing to people the type of job, I wanted. Most people did not take me seriously. I myself didn't know if something like this really existed. But I did make the conscious decision to keep my eyes open for it. And just two weeks later, while in my doctor's office, I met a man who was working from home, part time, for a few years. He told me his work at home job give him all the things I've described, and urged me to try it out.

Well I did... and... it turned to be the best decision of my life!!

Within three months I quit my other job. **I now had an easy work at home job, working 1-4 hours a day, and making DOUBLE (and soon much more) what I was earning before** in 14 hours a day. I no longer had a boss, worked as a little or as much as I wanted, began paying off my debt, and watched my life completely turn around.

Fast forward to today and I'm a millionaire from working at home. I live in my dream house, buy all the things I want, do what I want, take vacations around the world, and I'm able to give my daughter the life I have always wanted to.

I have no financial worries anymore and, I feel so secure, free and happy... It's the ultimate high in the world.

**My life turned around so fast... that I soon began sharing my story with others. And since then, I have helped thousands of other people achieve their financial dreams and goals working from home.**

You may be familiar with me from the one-day work at home seminars I use to give in Los Angeles. Others know me from the numerous interviews, podcasts and teleseminars I've done. And there are so many people coming to me today for help and advice on getting started working from home that I've been called the #1 work at home consultant in America.

**And now, right here, I'm going to tell you everything you need to know about making the money of your dreams from home beginning today!** I'm going to tell you about the best opportunity I have ever discovered...a legitimate, proven, and easy work at home job opportunity that can make your financial dreams a reality, as it did for me

when I looked through the course, I actually found the stuff you shared to be rather unusual and even though a lot of it went against the grain of conventional wisdom, it did strike a chord with me. I tried your rebate processing program, and made \$1781.44 in my first 3 weeks online! I know it's not a lot of money, but it's the

- I don't want to commute anymore and sit for hours ... frustrated ... in traffic
- I don't want to go to an office.
- I don't want to be part of a business of any kind either, with troubles like a storefront, investment, inventory, employees, extensive record-keeping, or having to sell anything to anybody.
- And I don't want anything that requires special training, education, or skills, because I don't have any and don't have the time to get any right now.

## Quitting My Day Job

Two months ago I had little hope of making it in this business. Now, after discovering Angela's program, I'm quitting my day job and doing this full time."  
Marsha Borell, Maryland.

Then, I began thinking about what I DO want in a job.

- ✓ I want to work from home or anywhere else I choose. I want a job that will give me the free time I desire to spend with my daughter.
- ✓ I want an income that will give me and my daughter more than we need
- ✓ I want to take time off whenever I want and, I want to have plenty of time for other people and my hobbies.
- ✓ I want something that will be easy.
- ✓ I want a job that will be enjoyable.
- ✓ I want to only work a few hours a day, and only whenever I choose to.
- ✓ And I want (actually need) to start making money immediately.

And do you know what... to my surprise two weeks after this terrible day...

## **I Found My Dream Work At Home Job!!**

It's true, and here's how it happened:

After thinking it over, I began expressing to people the type of job, I wanted. Most people did not take me seriously. I myself didn't know if something like this really existed. But I did make the conscious decision to keep my eyes open for it. And just two weeks later, while in my doctor's office, I met a man who was working from home, part time, for a few years. He told me his work at home job give him all the things I've described, and urged me to try it out.

Well I did... and... it turned to be the best decision of my life!!

Within three months I quit my other job. **I now had an easy work at home job, working 1-4 hours a day, and making DOUBLE (and soon much more) what I was earning before** in 14 hours a day. I no longer had a boss, worked as a little or as much as I wanted, began paying off my debt, and watched my life completely turn around.

Fast forward to today and I'm a millionaire from working at home. I live in my dream house, buy all the things I want, do what I want, take vacations around the world, and I'm able to give my daughter the life I have always wanted to.

I have no financial worries anymore and, I feel so secure, free and happy... it's the ultimate high in the world.

**My life turned around so fast... that I soon began sharing my story with others. And since then, I have helped thousands of other people achieve their financial dreams and goals working from home.**

You may be familiar with me from the one-day work at home seminars I use to give in Los Angeles. Others know me from the numerous interviews, podcasts and teleseminars I've done. And there are so many people coming to me today for help and advice on getting started working from home that I've been called the **#1** work at home consultant in America.

Dear Friend,

If you would like a certified, proven, guaranteed and **easy way to make \$225 a day...and more...** from home in your spare time, this will be the most exciting message you will ever read!

Here's why:

My name is Angela Penbrook, and let me tell you, I used to work hard. Really hard... like millions of other Americans... while hardly getting by, living pay check to pay check.

I got divorced at a very young age I was left with having to find a new place to live with my very young daughter. I moved to Southern California for a new start on life which I found out very quickly was not easy. I had to work two jobs and freelance work on the side just to pay for rent and the small amount of bills that piled up.

No matter how much or hard I worked my bank balance was always at zero at the end of each month, and my credit cards kept accumulating debt. I hated my jobs, my bosses, the debt, and most of all I hated not being able to give my daughter the life I wanted to give her.

## The Unnerving Day That Changed My Life...

I remember the exact day: It was June 17th, and I got laid off from my full time job I was working and that I made the most money from. It was a few days before my little girl's birthday where I was supposed to buy Amanda the birthday presents she was wanting. But all of a sudden, I could no longer afford those gifts. I didn't even know how to afford rent and food for us.

I remember crying for hours that day. I didn't know what I was going to do to pick myself up. But I knew I had to do something and quick before we were homeless and out on the streets. I needed another income immediately. And I was thinking about it, I asked myself: Before I make a

sudden move that will tie me into another job I will hate, why don't I consider what it is I want... and don't want... in a job?

So first, I began thinking about what I DON'T want in a job...

- I don't want a boss
- I don't want to be on anyone's time
- I don't want to have to wake up so early anymore, especially to that loud alarm clock.
- I don't want to commute anymore and sit for hours ... frustrated ... in traffic
- I don't want to go to an office.
- I don't want to be part of a business of any kind either, with troubles like a storefront, investment, inventory, employees, extensive record-keeping, or having to sell anything to anybody.

### **A Work At Home Job In Huge Demand...**

Did you know It's now estimated over 24 million people are working from home? That's a lot of people and, every year more and more people are fleeing their regular jobs to work from home.

Why the boom in people working from home?

**Because it is now easier than ever before in history to make a remarkable income from home!** The internet spawned new jobs that could easily be done from home with just internet access. And many companies, large and small, are realizing they could have people working from their homes, thereby saving them large amounts of money on office space and other employee expenses.

And though many people still don't know about this yet (but many more are discovering this every day as word is spreading fast), one of the most in-demand work at home jobs is rebate processing.

**Let me tell you about it:**

**You've probably seen rebates offered for many products you've purchased before.** For example, imagine you went into a cell phone store and saw a phone you like for \$125. You ask the salesperson about it and, he tells you it also comes with a \$50 mail-in-rebate.

Do you know why the rebate is offered?

That's right, because it makes you more willing to buy the cell phone! Sure, the company makes less money because of the rebate but, many more people will buy the phone as a result. And the increase in sales more than makes up for the reduced price... so... the company ends up profiting A LOT more because of it. In fact, many companies often see a 10% to 20% increase in sales by offering rebates. And 10% to 20% of millions and billions of dollars is a lot of money!

**It's no wonder tens of thousands of companies in the United States are offering rebates for their products.** Both small businesses and large corporations do this. And here's where the massive

Money-making opportunity knocks on your door because of it...

### **Companies Are Desperate For People Like You To Independently Process These Rebates From Home!**

**You see, there are millions of rebates given to customers every year, and companies need tons of people to process them!** Companies don't process rebates themselves. They would have to buy new buildings and hire and house tons of new employees to do that.

**Instead, they know anyone of any age and background can do this because it's very simple and easy, and anyone can learn to do it in an afternoon and begin immediately.** And it can be done from anywhere. Therefore, companies much prefer to have people processing these rebates, independently, from home.

And even though it's simple and easy (I will show you the three easy steps to process a rebate shortly) ...and can be done from home... the money is great!

Let me put it this way: To process one rebate takes between 3 to 4 minutes. To be conservative, let's say it takes 4 minutes. Well, if you process 1 rebate every 4 minutes, and you do that for 60 minutes, that amounts to 15 rebates in 60 minutes. And the average amount you make per rebate processed is \$15.

Let's do the math: 15 rebates for \$15 each equals \$225. That's \$225 for 60 minutes of work! If you do this five days a week, you can make \$1,125 a week... \$4,500 a month... and \$58,500 a year!

And you can work as little or as much as you want! It doesn't matter. I personally now work about 4 hours a day, and that's because I really enjoy it and I like to make a very big income so I can go overboard with providing for my family. It all depends on how much money you want to make.

Here's an illustration of how much money you can make in just a few different scenarios:

| #<br>Rebates<br>You<br>Process<br>Per Day | Money<br>You<br>Make<br>Per Day | Money<br>You<br>Make<br>Per<br>Week | Money<br>You<br>Make<br>Per<br>Month | Money<br>You<br>Make<br>Per Year |
|---|---------------------------------|-------------------------------------|--------------------------------------|----------------------------------|
| 5 (\$15<br>each)                          | \$75                            | \$375                               | \$1,500                              | \$19,500                         |

| 20 (\$15<br>each)                         | \$300                           | \$1,500                             | \$6,000                              | \$78,000                         |
| 25 (\$15<br>each)                         | \$375                           | \$1,875                             | \$7,500                              | \$97,500                         |
| 30 (\$15<br>each)                         | \$450                           | \$2,250                             | \$9,000                              | \$117,000                        |

As you can see, you can make a part-time income with this or a full-time income with it. It's up to you. The above are just a few examples. You can do less and you can do more. And I got to tell you, people are often shocked the first time I show them the amount of money to be made processing rebates from home. It's really remarkable. And there are three main reasons processing rebates is so profitable:

**Reason #1:** Companies are starving for more people to process rebates from home. When demand surpasses supply, wages are high. It's the economic Law of Supply and Demand working in our favor... and... there's an insatiable demand for this job!

**Reason #2:** If companies were to hire employees to do this job, they would need to spend a new fortune on hiring, buying new office space, management, and all the many expenses that come with it. It

## Who The Heck Is Angela Penbrook?

- By Carl Gordon-

After 8 years as a super-successful and outrageously highly paid rebate processor, Angela Penbrook is at the red hot center of the work at home industry, both online and offline.

Angela Penbrook is an inspiration for anyone who wants to succeed beyond their dreams.

She is a real life rags to riches story, having built her success from nothing to everything.

Her career is legendary: Partnering with several rebate fulfillment companies after being considered the #1 work at home recruiter in the nation... Being the official recruiter for the largest rebate fulfillment company in the world ... pioneering online rebate processing (most top rebate companies follow her early revolutionary online processing methods)... and starting as the featured speaker at major motivational seminars and over 30 other mainline events.

Angela went from living in a minuscule rented one bedroom apartment with 1 child on federal assistance to living the life of her dreams.

Angela promised herself that when she made it she would never forget where she came from, what she went through to get there, and that no matter what, she would help anyone that was willing to be helped.

She's held her own work at home seminars at a famous hotel in Los Angeles, and has done many podcasts, teleseminars and interviews which have introduced thousands of people around the world to financial opportunity they never knew existed.

Even when Angela isn't at a seminar, other speakers frequently praise her teaching abilities, and defer to her expertise at finding the right work at home positions for people. She is a central character in the amazing explosion of work at home jobs, is responsible for many innovations, and is famous for helping thousands of people get started working from home with her expert advice and specific position placement.

would cost them too much and, they would have to pay people small wages to keep this profitable for them. Instead, by having people work independently from home, companies are saving millions of dollars, and they can pass many of these savings onto you.

**Reason #3:** Companies experience huge increases in sales because of these rebates. Rebates make them millions of more dollars every year. But without people to process them, companies can't offer them. So basically, you can make great money because it's worth it for companies to pay you a lot to motivate you to process lots of rebates. Sure, for you it's a lot of money you're getting paid... but... in these companies' eyes... where millions of dollars are at stake, it's a small investment that reaps them enormously greater financial rewards.

To sum it up...for you and me, it's almost like being able to 'ethically' take advantage of all these Companies' extra money, and to finally be able to get a good piece of it, the easy way!

It's amazing how something as simple as processing rebates from home made me a millionaire.

Listen: **I've been processing rebates for over five years now for many major companies worldwide...** probably know more about this opportunity than anyone else alive... and have become quite famous as a pioneer of rebate processing. That's why I've successfully been able to teach thousands of people world-wide how to get into this and realize their financial dreams.

In fact, companies have been so happy about me spreading the word that an executive officer of a major corporation one day asked me, "Angela, why don't you create a certified, comprehensive program for people that would tell them about this opportunity and, show them how to get started right away in a clear step-by-step format?"

And so...that's exactly what I did!

I've created the industry-wide acclaimed...

### **Home Rebate Processor Certification Program™**

**This is the only certified program in the world for rebate processing**, and over 1,000 people world-wide have been certified through this program, now making the money of their dreams by processing rebates from home... for every type of company you can think of!

This program has been raved about by many in the work at home industry, **and has recently been rated the #1 work at home program in America by SiteReviewAuthority.org**, a leading work at home review site.

And by enrolling in my certification program... **you are GUARANTEED an immediate position as a rebate processor**. You can even have multiple placements with different companies if you choose.

Here's something else really great about the rebate processor position: Even though you're processing rebates for a reputable company...

Basically, by signing up with a company to process rebates, you're given 24 hour access, 7 days a week, to rebates that need processing. And, **you have no working obligations**. You can work in the day, afternoon, evening, night, it doesn't matter! You can work at a different time every day. You can work whatever days you want. You have complete control and flexibility over your schedule.

And as I told you, processing rebates is very simple and easy! You're given access to your own personal account and all you do is follow...

### **The Three Easy Steps To Make Money By Processing Rebates From Home...**

Easy Step #2: You enter the section of your personal account where you're given customer records for you to process rebates for. Customer names are added to your account 24 hours a day so you always have plenty of rebates to process. Here's an illustration:

After verifying if the customer information is valid, you go on to Step 3 and process his rebate.

**Easy Step #3:** You fill out a few forms to process a customer's rebate and click send. Here's an illustration:

### Enter Details

**To:**   Enter customer's email to receive rebate

Email or phone

**Amount:**   Enter rebate amount

**Currency:**  

**For:** ☒ Online Rebate

Click "Continue" to process the rebate!

**That's it... You just earned \$15!**

That's it! Follow these three easy steps and you're done! To fill out one rebate took you 3 to 4 minutes and, you just made \$15 dollars! Do this over and over again, as much as you want, to make all the money you want!

Process 5 rebates for \$75 a day... 15 rebates for \$225 a day... 30 rebates for \$450 day...or more! To put it another way...

### Making All The Money You Want Is Now Completely In Your Control!

And the best part is you can visibly see exactly how much money you're making by clicking into the earnings section of your personal account! Here's a glimpse of it:

|                        | Last 1 Hour  | Last 24 Hours | Last 7 Days     |
|------------------------|--------------|---------------|-----------------|
| <u>Amount Added</u>    | \$149.85 USD | \$859.14 USD  | \$10,429.56 USD |
| <u>Amount Deducted</u> | \$0.00 USD   | \$0.00 USD    | \$0.00 USD      |
| <u>Amount Received</u> | \$99.90 USD  | \$529.47 USD  | \$4,675.32 USD  |
| <u>Amount Owed</u>     | \$99.90 USD  | \$529.47 USD  | \$4,675.32 USD  |

It's like a bank statement showing you your earnings for every rebate you processed. And it's updated every 30 minutes, so you have a clear real time earnings report!

I love clicking on my earning report more than anything in the world and, I check it all throughout the day! It's really motivating to instantly see the money you're making. You don't have to wait to see your pay... you can see it verified anytime you want in your personal account. It's a really amazing, comforting, and uplifting feeling you have to experience for yourself!

**Above shows how much money can be made**  
You can have all your life wishes if you just apply yourself to this program

And even better

**You Get Paid Very Fast!**

You don't have to wait a month, 2 weeks, or even one week to get paid for the rebates you process. Not at all! With this job, because you get paid per rebate you process... and every rebate you process is instantly verifiable over the web... companies can pay you right away!

And **75% of companies pay you on the very same day!** The other 25% take only 2 to 3 business days to transfer the money you've made into your bank account. The companies are all reputable and I've never had a problem with late payments. **It makes this an outstanding opportunity for anyone who needs money fast.**

And so you now, the personal account you're given is very easy to use. **It was specifically designed so that even someone with no computer experience at all could learn to use it in just a few minutes.** If you know how to check email, navigating your personal account will be just as easy. You'll get clear step-by-step instructions, and everything is straight-forward, with easy to fill out forms, easy to read text, and big visible buttons.

**And You Can Process Rebates Offline Too!**

If you want, there are many companies that allow you to process rebates offline, so you don't even need a computer! I demonstrated how it's done online simply because that's what most people choose to do these days, but you can process rebates offline too.

Let me tell you something. Come a little closer. Processing rebates from home is so easy, and the benefits so incredible, I am sure you'll never want to do anything else ever again... but this. Just imagine

- ✔ **You can work as little or as much as you want, anytime you want!**
- ✔ **You don't need any special skills, training, or education! You can get started in an afternoon!**
- ✔ **You can start to make money immediately! It takes 3-4 minutes to process a rebate and... 75% of companies pay you the same day while the other 25% pay you within 2 to 3 days!**
- ✔ **You can achieve financial freedom, end your money worries, and live whatever lifestyle you want!**
- ✔ **You can have all the time you want for your family, friends, and hobbies!**

- ✔ **You don't have to get dressed for work anymore! Work at home and wear whatever you like to wear at home!**
- ✔ **You don't have to drive anywhere, get frustrated in rush hour traffic, or pay ridiculous gas prices to get to work and back every day! Instead, use all that saved money and time for other enjoyable things in your life!**
- ✔ **You won't have a boss hovering over you anymore! You are completely independent and the only person you answer to is yourself. You're the boss now!**
- ✔ **You can rest assured you'll be able to make the money of your dreams for the rest of your life with this! (You don't have a boss so you don't have to worry about getting fired. Demand for this job is extremely high and is projected to remain so for decades to come. And you have over 11,000 companies you can process rebates for).**
- ✔ **You don't have to deal with crappy co-workers or office politics! If you've had to deal with this before, you're going to love the peace of mind you'll have without it.**
